# Please! Do Not Lend Your CITY DIRECTORY

•

## IT COSTS YOU MONEY
## Every Time It is Loaned

•

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the **Directory** of Your City.

**This cost must be absorbed by the subscribers—be they one—or be they 1000.**

If there were but **One Subscriber** to the **City Directory — the One Subscriber** would of necessity have to absorbe **The Whole Cost.**

If there were **1000 Subscribers**—each one would **have to absorb 1/1000 Part of the Whole Cost.**

From which it is obvious that the **Greater** the number of subscribers —the **Lesser** the cost to each.

Every time you loan your City Directory the **Less Necessity there is for the Borrower to subscribe for the Service.**

**More Borrowers** result in **Fewer Subscribers,** which means **Increased Cost.**

# Please! Do Not Lend Your CITY DIRECTORY

•

## IT COSTS YOU MONEY
## Every Time It is Loaned

•

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the **Directory** of Your City.

**This cost must be absorbed by the subscribers—be they one—or be they 1000.**

If there were but **One Subscriber** to the **City Directory — the One Subscriber** would of necessity have to absorbe **The Whole Cost.**

If there were **1000 Subscribers**—each one would **have to absorb 1/1000 Part of the Whole Cost.**

From which it is obvious that the **Greater** the number of subscribers —the **Lesser** the cost to each.

Every time you loan your City Directory the **Less Necessity there is for the Borrower to subscribe for the Service.**

**More Borrowers** result in **Fewer Subscribers,** which means **Increased Cost.**
